Item 4 – Advisory Business

OFIS is a full-service insurance agency and investment advisory firm that has been in business in Washington State since 1982. The principal owners of the company are John D. Storbeck and Christine Kelly-Storbeck.

INVESTMENT SUPERVISORY SERVICES

OFIS will offer ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. Investment supervisory services include the following:

- Investment strategy
- Personal investment policy
- Asset Allocation/Selection in executing the investment strategy
- Regular portfolio monitoring

OFIS will evaluate the investments of each client with respect to their risk tolerance levels and time horizon. OFIS will request discretionary authority from clients in order to select securities and execute transactions. Risk tolerance levels will be provided by each client.

As of December 31, 2024, OFIS managed assets totaling approximately \$70,250,000.00. All assets are managed on a discretionary basis.

Item 5 – Fees and Compensation

Fees for these services will be based on a percentage of assets under management as follows:

ASSETS UNDER MANAGEMENT	ANNUAL FEE
\$50,000 - \$1,000,000	1.00%
Over \$1,000,000	\$10,000 plus 0.80%

These fees are not negotiable. Fees are paid quarterly, in advance, and clients may terminate their account with ten days of written notice. Refunds will be given on a prorated basis, based on the number of days remaining in a quarter at the point of termination. Clients may terminate their accounts without penalty, for full refund, within 5 business days of signing the advisory contract. OFIS will withdraw advisory fees directly from the client's accounts with written authorization. OFIS offers, free of charge, a quarterly email newsletter providing general investment and insurance information to those who wish to subscribe.

OFIS's fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus.

Such charges, fees and commissions are exclusive of and in addition to OFIS's fee, and OFIS shall not receive any portion of these commissions, fees, and costs.

In all instances, the Adviser will send the client a written invoice, including the fee, the formula used to calculate

the fee, the fee calculation itself, the time period covered by the fee, and, if applicable, the amount of assets under management on which the fee was based. Also, the Adviser will include the name of the custodian(s) on your fee invoice. The Adviser will send these to the client concurrent with the request for payment or payment of the Adviser's advisory fees. We urge the client to compare this information with the fees listed in the account statement.

Item 6 – Performance-Based Fees and Side-By-Side Management

OFIS does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client). OFIS does not participate in Side-By-Side Management.
